## PREFACE

Little Athletics Competitions in Victoria are conducted in accordance with the Competition Rules of Little Athletics Australia (LAA).

LAA use the World Athletics (WA) as the basis for the rules and make modification to suit the ages, nature and abilities of athletes participating in Little Athletics.

The Competition Rules are to be used at all levels of competitions in Little Athletics to ensure a consistent and safe program is offered to all participants.

These Competition Regulations and Event Plans are the administrative processes that assist in providing a consistent and safe program to all participants.

**Qualifiers by place per Region** – The number of athletes/teams from each Region to automatically qualify for the State Championship in that event. Athletes/teams must have attained any qualifying standards that may be set for that event, refer LAVic Rule 610 for High Jump and Race Walks.

**Maximum field size** – The maximum number of athletes/teams permitted for each event. The field consists of qualifiers by place per Region and qualifiers by performance across all Regions.

**Note:** Refer to Rule 602.5 (a) for amendments to the maximum field size for athletes progressing from the AV or AA Member Associations Championships.

#### Qualifying for State Championships

- The details for qualifiers by place and qualifiers by performance for each specific State Championship event are detailed in Rule 604 table, above.
- When qualifying competitions are held, an athlete/team will only be eligible to qualify in an event for the State Championship by having met any participation requirements and any qualifying standards for that event.
- In the case where a re-run of an event has occurred only the results of the re-run event will be used.  
Note: A re-run only occurs if unforeseen circumstances require the event to be re held.  
Note: Run / Jump / Throws offs are not conducted in the case of equal performances, all places & performances remain equal, after the application of the applicable count back rules.

5. For High Jump, if the athletes are still equal after the application of the count back rule, the athletes concerned will be awarded the same place; there is no jump off for any placings including first place.
6. LAVic will combine the results of athletes/teams from all qualifying competition events to determine qualifying positions by performance for that event.
7. Athletes must have competed in and finished in the overall top 10 placing in the relevant event at the Region Track and Field Carnival where the athlete's Centre is allocated, except for High Jump and Race Walks, refer to Rule 610.
8. Multi-Class athletes will be progressed based on their converted performance at the Region Track & Field Carnival, and Region Relay Carnival up to the maximum field size for each event.  
**Note:** Refer to Rule 602.5 (a) for amendments for athletes progressing from the AV or AA Member Associations Championships.
9. If there are insufficient entries, or if places and performances are equal, only clear progressions will be advanced, i.e., a field may be less than the allowed maximum field size.
10. In the case of a publication error the matter should be referred to LAVic.

#### **Replacement of Athletes/Teams at State Championships**

11. Athletes or Centres are to advise the LAVic office if an athlete/team who has qualified to the State Championship for any given event, does not intend to participate in that event, to progress the next qualified athlete/team.
12. Only eligible athletes/teams who meet the qualifying criteria for that event are eligible for replacement.
13. The next athlete/team on performance across all qualifying competitions who has met the qualifying criteria for that event will be invited to compete.
14. There will be an initial release of qualifiers from LAVic, followed by a specified time to accept any withdrawals and then a final list of qualifiers will be published highlighting any newly qualified athletes/teams. Once the final list is posted, no new athletes/teams will be progressed.

#### **Call Room, Check In & Scratch Forms at State Championships**

15. At each State Championships, athletes are required to be at the Call Room according to the times listed in Rule 614, unless otherwise stated due to COVID restrictions.
16. At the State Track & Field Championships, U15 and U16 athletes will be required to Check In 60mins prior to the event time for the following laned track events only:  
100m, 200m, 400m, 90m hurdles, 100m hurdles, 300m hurdles.
17. U15 and U16 athletes will then be required to follow the Call Room times as listed for each event, according to Rule 614.
18. Team Managers will be required to submit Scratch Forms for the U15 and U16 athletes to the Check In area for the laned track events as listed in Rule 604.16 above. Scratch forms for all other events, are to be submitted to the Call Room.

### LAVic RULE 605: POSTPONEMENT OR CANCELLATION OF EVENTS OR COMPETITION

1. The Competition Director, Meeting Manager & Referees must consult with the LAVic Event Director (CEO) as outlined in the LAVic Severe Weather Policy to decide if the remainder of the programme yet to be conducted will be postponed, cancelled or relocated due to conditions being such that safety of athletes and/or Officials is at risk. The LAVic Event Director will have sole responsibility to make this decision.
2. Once a competition has commenced the Referee in consultation with the Competition Director, Meeting Manager and Event Chief Officials will have the responsibility to decide if individual event is to be postponed, cancelled or relocated due to conditions being such that safety of athletes and/or Officials is at risk.
3. Events effecting ALAC Selections (U13 Australian Teams Championship and U15 Combined Events Championship) must be re-scheduled first where specific events or the programme is postponed.
4. The Organising Body in consultation with the LAVic Event Director will decide whether events not conducted on the day are conducted at a future date or cancelled for that year.
5. In the event of the programme being abandoned for the day, all track events completed, and completed rounds of field events, will stand.
6. If a field event, except High Jump, is restarted, athletes are eligible to complete the event in accordance with the Competition Rules.
7. If a field event, except High Jump, is not restarted, and all athletes have completed at least half the number of rounds allowed, then that event will be deemed to have been finished, and results will be based on performances over the completed rounds only.
8. In a High Jump event where there are four or less athletes in the event when it is stopped, then the event will be deemed to have been finished and results based on performances recorded after the last completed round.
9. In a High Jump event where the number of athletes exceeds four and the event is restarted then only those athletes who have not been disqualified from further jumping will be eligible to continue in the event. The event restart will have the bar set one increment above the height set for the last full round of jumps completed before the event was stopped. A full round is one which includes an athlete passing their turn by choice.

*Note: The Event Chief Judge may allow each athlete up to two practice trials at various heights before the event restarts.*
