

**TO: Centre Secretaries**  
**FROM: Anthony McIntosh - CEO**  
**DATE: Thursday, 7 July 2022**  
**SUBJECT: Membership & Trial Athlete portals closed for 21/22 season**

---

This is to advise that the online (GAMEDAY/SportsTG) 21/22 membership & Trial Athlete portals have been closed.

Centres with families registering athletes in the remaining weeks of the winter Cross-Country season, should contact the LAVic office (phone (03) 9960 8600, or email [office@lavic.com.au](mailto:office@lavic.com.au)) to arrange registration.

Please ensure families are made aware that member registration for season 21/22 expires on the 31<sup>st</sup> August and that the remaining number of Centre Cross-Country competitions is made clear.

Centres can exercise their discretion in accepting Trial Athlete registrations (or not) for the remainder of the Cross-Country season, noting that athlete trials cannot exceed two competition days. To register a Trial Athlete, download and complete the manual form from the 'Association Noticeboard' in GAMEDAY.

The 'New and Potential Members Portal' is live on the LAVic homepage and collecting potential member details for the 22/23 Season. We encourage Centres to align this link to their websites and social posts so that we can communicate with those who complete the form once registrations open.

Centres not conducting a winter program already have members referred via the Centre contact page to the 'New and Potential Members Portal'. Centres actively involved in the Cross-Country season will have this link added to their Centre contact page in the coming days. A list of new and potential members will be sent to Centres once their registrations open.

Please find below a link to the new and potential members portal for the 22/23 season.
