

TO: LAVic Centres & Regions

FROM: Anthony McIntosh - Chief Executive Officer

DATE: Monday 18th May, 2020

SUBJECT: Returning to play

Following on from the announcement by the Victorian State Government on Monday 11th May regarding the first step to ease COVID-19 restrictions, Sport & Recreation Victoria (SRV) have developed and released a framework for the resumption of safe & restricted training activities for community sports in accordance with the guidelines set out by the Chief Health Officer.

LAVic is finalising its protocols for the resumption of modified training activities, in alignment with SRV, Vicsport, Little Athletics Australia (LAA) and the 'AIS Framework for Re-booting Sport', for release to affiliated Centres at the earliest opportunity.

Key to a resumption is the confirmation of insurance arrangements, of which LAVic is actively seeking clarity. We aim to finalise this process at the earliest opportunity to enable our Centres to recommence.

For the time being, Little Athletics activities remain suspended until further notice.

The LAVic team.
