

TO: Centre & Region Secretaries; Cross-Country groups

FROM: Anthony McIntosh – Chief Executive Officer

DATE: Friday, 26 June 2020

SUBJECT: Return to competition protocols update

Advising that LAVic has received advice from Sport & Recreation Victoria to assist us resume competition.

LAVic is currently applying this to the cross-country context and clarification on a handful of important points is still being sought.

We expect to release the process for authorising Centres and Cross-Country groups - such as 'Division 1', 'Bayside Cross Country', 'Eastern 7' and others – to conduct sanctioned & insured cross-country competition, next week.

The eight Centres currently authorised to conduct modified training are not required to seek additional authorisation to conduct cross-country competition. They will receive advice in coming days in accordance with the recent easing of restrictions in relation to training and competition.

The LAVic team
